## Customs made easy with broker-inclusive service

An integral function in cross-border shipping, customs brokers facilitate the importation of goods by calculating any applicable duties and taxes and preparing the entry for customs on behalf of the importer. Having a trusted partner for these services helps you avoid delays at the border.

### Our customs broker-inclusive service designed for YRC Freight customers

- Responsible for paying transportation and customs fees:
  - Identified as the importer of record or non-resident importer, responsible for the customs reporting, duties and taxes when shipping internationally.
- Handles every aspect of your cross-border shipment, with complete brokerage services to and from Canada.
- Simplifies record keeping and payables for you with brokerage fees, customs fees and transportation all on one invoice.
- Delivers confidence through our long-standing partnership with a leading freight broker and agent.
