DISCLAIMER

Enhanced Service Options are subject to change without notice. Please refer to the YRC website for the most current Enhanced Service Options at: www.yrc.com/rec/getserviceguide.html

Information provided within this document are a service to the user and represents a current overview of the YRC Service Options. For a complete application of these Service Options, please consult YRC 100 Rules Tariff at www.yrc.com/tariff

WHEN DO THESE RULES AND CHARGES APPLY?

CHARGES FOR SERVICES WITHIN THIS GUIDE APPLY WHEN YOU SHIP

- > Between locations in the 48 contiguous states and District of Columbia
- > From or to Canada
- > From or to Mexico
- > From or to Alaska, Guam, Hawaii, Puerto Rico and the U.S. Virgin Islands.

Shipments from or to these locations are usually rated using a combination of two rates. Example: Akron, Ohio, to San Juan, Puerto Rico, would be rated from Akron to Jacksonville, Florida, and then from Jacksonville to the Port of San Juan. In these situations, there may be other service fees related to transportation charges, such as documentation charges related to the ocean portion of the move from Jacksonville to San Juan used in example.

International shipments to destinations other than those noted above are subject to other rules and charges beyond the port of exit.

For complete details contact our customer service representatives as listed in the toll-free information numbers section of this guide.

DEFINITIONS

Deg – Dedicated vehicles including charter aircraft, air-ride equipment, flatbeds, hotshots, temperature-controlled vehicles and various sizes of dedicated ground equipment

Inet – The planned completion of the shipment scheduled to be carried within the YRC network.

Onet – The planned completion of the shipment not scheduled to be carried within the YRC network.

Used Commodities – Except for Exhibition or Trade Show Paraphernalia as described in Items 154630 through 154640 of the NMFC 100 series, or Defective, Outdated, Obsolete, Unsellable Waste articles shipped for purposes of Reclamation or Scrap; commodities which are in any way other than new, including but not limited to commodities which are used, rebuilt, refurbished, remanufactured or reconditioned in any way, are considered Used Commodities.

Shipments are protected against loss, damage or delay up to the following limitations, unless released or limited to a lower value:

- > Shipments from Canada: Loss, damage or delay up to \$2.00 per pound (Canadian dollars).
- > Shipments from or to Mexico: Loss, damage or delay up to 50 cents per pound, maximum \$5,000 per shipment (while your shipment is in Mexico).
- > Shipments within the U.S. or from the U.S. to Canada: Loss, damage, or delay up to \$25.00 per pound per package, or \$100,000 per shipment, whichever is less, except for released value commodities.

For additional coverage see Enhanced Service Options.

NO-CHARGE SERVICES

No-Charge Support Services

- > Proof of delivery, via YRC website and 1-800-920-1000
- > Pre-PRO shipment labels
- > Standard, VICS, and exhibit bill of lading forms
- > Customer's purchase order and/or bill of lading number placed on shipment bill
- > Freezable Protective Service (see description within this document)

CORE SERVICES PROVIDED BY YRC

THE FOLLOWING SERVICES PROVIDED BY YRC ARE COVERED BY STANDARD SHIPMENT CHARGES

- > Pickup and delivery at a business location during YRC regular business hours.
- > Driver will load shipments with the following restrictions on each unit/package in a shipment:
 - Each unit/package weighs less than 110 pounds, or;
 - If the weight is between 110 and 499 pounds, direct access to the rear of our trailer and your dock is required. If there is not direct access to our trailer, driver assistance is available.

note: Loading or unloading of shipments with heavy or difficult-to-handle configurations is the shipper's or receiver's responsibility.

- > Pickup/delivery includes the driver and equipment subject to the following time limitations. Additional time is subject to service charges as indicated in the Enhanced Service Options (Labor and Equipment Service).

Actual Weight Per Stop	Free Time in Minutes Allotted Per Stop
Less than 1,000 lbs.	15
1,000 - 2,500 lbs.	30
2,501 - 5,000 lbs.	60
5,001 - 10,000 lbs.	90
10,001 - and over	120

242.0 cents	243.0 cents	15.1%	30.2%
243.0 cents	244.0 cents	15.2%	30.4%

The fuel surcharge is adjusted each Wednesday at 12:01 AM Eastern Time. The effective fuel surcharge is based on the national average price of diesel fuel as reported by the Energy Information Administration (U.S. Department of Energy Phone 202-586-6966) on the prior Monday at 4:00 PM Eastern Time. In the event of a Monday holiday, the average price effective on the next business day at 4:00 PM Eastern Time will apply.

The fuel surcharge is determined according to the table to the left: For each one cent increment (or portion thereof), over 243.9 cents, the LTL fuel surcharge will increase an additional 0.1 percentage point. The TL fuel surcharge will be 2.0x the respective LTL fuel surcharge rounded to the nearest tenth of a percent.

For each one cent decrease (or portion thereof), below 200.0 cents, the LTL fuel surcharge will decrease by 0.1 percentage point. The TL surcharge will be 2.0x the respective LTL fuel surcharge rounded to the nearest tenth of a percent.

EXAMPLE: If the U.S. National Average Diesel Fuel Index is between 532.0 and 533.0 and the LTL fuel surcharge 44.1% the TL fuel surcharge would be 88.2% (44.1 x 2.0).

EXPLANATION OF ABBREVIATIONS

LTLAll shipments subject to transportation classes in the NMFC which are subject to rates with specified minimum weights of less than 20,000 pounds.

TLAll shipments subject to transportation classes in the NMFC which are subject to rates with specified minimum weights of 20,000 pounds or greater. Shipments involving Capacity Load (shipments subject to YRC 100, Item 390 (FVCS/FVCP), Exclusive Use (shipments subject to YRC 299- YRC Volume Services), or other special TL services will be considered as Truckload.

Customers Using ExpressWORKS™: Refer to the software manual for instructions regarding the update of the Fuel Surcharge (FSC) field. To automatically update the Fuel Surcharge, go to the Fuel Maintenance screen and click on the Internet update button. For questions regarding ExpressWORKS™, call 1-800-522-3826.

This Fuel Surcharge does not apply when both origin and destination are Canada or Mexico, or on shipments handled outside of the YRC network.

FUEL SURCHARGE

APPLIES FOR ONET SHIPMENTS WHICH REQUIRE YRC TIME ADVANTAGE OR YRC TIME CRITICAL.

When the weekly average of Jet Fuel for two weeks before the current date as provided by the U.S. Gulf Coast is:

PRICE IS AT LEAST	BUT LESS THAN	FUEL SURCHARGE WILL BE
18.0 cents	21.0 cents	2.00%

214.0 cents	217.0 cents	26.50%
218.0 cents	221.0 cents	27.00%
222.0 cents	and over	See Tariff 100, Item 701

The fuel surcharge is based on the U.S. Gulf Coast Jet Fuel Index of the weekly average for two weeks before the current date. This fuel index, is published by the Energy Information Administration of the U.S. Department of Energy. A link is available on the web site of YRC

For shipments as described herein, the Fuel Surcharge is adjusted each Thursday. In the event of a holiday, the average price effective on the next business day will apply.

The percentage in the adjacent table is arrived from the U.S. Gulf Coast Jet Fuel Index. To determine the applicable net charge, multiply the net charge by the percentage as provided in the adjacent table. The resultant fuel surcharge will not be subject to discount or adjustment.

Fractions of less than one half cent will be dropped. Fractions of one half cent or greater will be increased to the next whole cent.

FUEL SURCHARGE

APPLIES FOR SHIPMENTS REQUIRING YRC TIME CRITICAL WHEN TRANSPORTED IN DEDICATED EQUIPMENT.

IMPORTANT INFORMATION ABOUT SHIPPING CHARGES

Prices quoted for YRC are subject to tariffs published and maintained at YRC corporate headquarters in Overland Park, Ks. All rate quotes must be confirmed in writing to be valid.

- > **Bill of Lading**—YRC participates in the National Motor Freight Classification 100 Series ("NMFC"). Unless otherwise agreed to in a written transportation agreement by the Vice President—Pricing and Yield Management, all motor carriage

performed by YRC shall be subject to the terms and conditions of the current bills of lading as shown in NMFC 100 Series.

- > **Air Transportation**—Only shipments belonging to known shippers will be routed aboard commercial aircraft. Shipments belonging to unknown shippers will be routed aboard cargo aircraft which may impact rates and service.

SHIPMENT CHARACTERISTICS THAT MAY INCUR AN INCREASED CHARGE

MINIMUM CHARGES

- > **Minimum Charge**—Net charges, after discount, will not be less than:
 - Destinations Served Direct, US only
 - 1–900 miles \$ 94.95
 - 901 & over miles \$119.95
 - Destinations NOT Served Direct, US only \$124.95
 - Destinations Served Direct
 - Between USA and Canada \$124.95
 - Destinations NOT Served Direct
 - Between USA and Canada \$124.95
- > **Minimum Weight - Automobiles**—When automobiles are shipped they are rated at a minimum weight of 6,000 pounds.

LOW DENSITY SHIPMENT MINIMUM CHARGE

- > **Cubic Capacity**—This applies when a shipment occupies 750 cubic feet or more, and has an average density of less than 6 pounds per cubic foot.

Except as described below, the density will be determined in accordance with STB NMFC 100 series, Item 110, Sections 8(a) and (b).

When shipping units are marked with instructions that no other freight is to be stacked on top, cubic feet will be determined by using a minimum height of 96 inches.

When shipping units are as described below, and no additional freight can be stacked on top, cubic feet will be determined by using a minimum height of 96 inches.

 - a) Pallets, skids or cartons banded or shrink wrapped into a single unit which are pyramided, rounded, or topped off", or,
 - b) units which have an irregular shape on top (e.g. machines, etc.).

- > **Determine Minimum Charge**—Multiply the total cubic feet by 6 to get the calculated weight of the shipment.

Multiply the calculated weight by the class 150 rate from the customer's applicable base class rate publication to get the minimum charge to be used in the application of this item.

The customer's discount, if any, will apply on shipments subject to the provisions of this item.

If the otherwise applicable charge is greater than the Minimum Charge described in this item, the otherwise applicable charge will apply.

OVERSIZED, LONG, OR ODD-SHAPED SHIPMENT MINIMUM CHARGE

DEFINITION

- (1) Any article in a shipment containing one or more articles with length of 14 feet or greater but less than or including 27 lineal feet and 3 inches of space to be loaded, will be subject to an additional charge of \$85.75 per shipment:
 - Cubic Capacity (CUBC)
 - Capacity Loaded Vehicles (FVCP) (FVCS)
 - Exclusive Use Service (EXCL)
 - Sealed Divider (DVDF)
 - Sealed Trailer (SEAL)
- (2) Any article in a shipment requiring more than 27 lineal feet and 3 inches of space to be loaded, will be subject to an additional charge of \$195.00 per shipment.

APPLICATION

- Charges in this item are not eligible for a discount.
- Will only apply when the shipment haul is scheduled to be completed entirely within the YRC network.

ADVERTISING MATTER / STORE DISPLAY RACKS

Shipments contained in Racks, Shipping Carriers, Stands or Pallets, that are used to transport commodities when such Racks, Shipping Carriers, Stands, or Pallets are used as Store Display Racks or Stands, will be assigned the applicable class based on the density of the shipment found in NMFC Item 57410.

QUOTE FREE APPLICATION

YRC will provide Quote Free YRC Expedited & Guaranteed Precision service on in-network services when requested on the Bill Of Lading.

To engage any of the YRC Expedited & Guaranteed Precision Services, affix a YRC Quote-Free Sticker to the bill of lading. The sticker is available from a YRC representative.

WHEN A STICKER IS NOT AVAILABLE PROMINENTLY SHOW THE FOLLOWING WORDS ASSOCIATED WITH THE APPROPRIATE SERVICE
YRC Time-Critical A.M. or P.M. (Guaranteed) Due Date: _____ <input type="checkbox"/> By Noon <input type="checkbox"/> By 5:00 P.M.
YRC Time-Critical Window (Guaranteed) Deliver on: _____ Between _____ A.M./P.M. & _____ A.M./P.M.
YRC Multi-Day Window (Guaranteed) Deliver Between Dates _____ & _____ <input type="checkbox"/> Pro-Active Notification
Guaranteed A.M. Standard Service by Noon
Guaranteed P.M. Standard Service by 5:00 P.M. <input type="checkbox"/> Pro-Active Notification
YRC Time-Advantage A.M. or P.M. Due Date: _____ <input type="checkbox"/> By Noon <input type="checkbox"/> By 5:00 P.M. <input type="checkbox"/> Pro-Active Notification
YRC Time-Advantage Deferred: 3 to 5 days Note: Bill of Lading must contain dimensions for each handling

Quote Free Application is only for shipment delivery requests during normal business hours (9:00 am to 5:00 pm Monday through Friday not including Holidays), unless agreed to in customer specific pricing.

Class Density — When Shipment Dimensions cannot be obtained for shipments using a YRC Time Based Service, the NMFC Class is used to determine the chargeable weight.

EXAMPLE

- > Dimensions cannot be obtained on a shipment weighing 722 lbs with a NMFC class of 125.
- > Shipment Weight x Density Factor divided by 100 equals a Chargeable Weight of 919 lbs.

$$\begin{array}{r} 722 \\ \times (127.286 / 100) \\ \hline = 919 \end{array}$$

NMF CLASS	DENSITY FACTOR
50	100.000
55	100.000
60	100.000
65	100.000
70	100.000
77.5	100.000
85	100.000
92.5	100.000
100	100.000
110	111.375
125	127.286
150	148.500
175	178.200
200	222.750
250	297.000
300	445.500
400	891.000
500	1188.000

HAZARDOUS COMMODITIES

Hazardous commodities are those as classified hazardous by the U.S. Department of Transportation and published in the Code of Federal Regulations (CFR), Title 49.

Except as described within this item, carrier will accept shipments of hazardous commodities within the scope of its authority and in accordance with the requirements of:

- > U.S. Department of Transportation
- > U.S. Nuclear Regulatory Commission
- > Environmental Protection Agency

Carrier does not accept hazardous materials or dangerous goods (as defined, and/or controlled, by the rules and regulations of IATA, ICAO or the U.S. Department of Transportation) for air transportation.

THE FOLLOWING PROPERTY WILL NOT BE ACCEPTED FOR SHIPMENT
> Asbestos
> Explosives —Division 1.1, 1.2, 1.3
> Explosives —Division 1.5 greater than 1,000 lbs.
> Infectious Substances —Division 6.2
> Nitrocellulose
> Polychlorinated Biphenyls (PCBs)
> Radioactive Materials —Class 7 Radioactive Materials in Highway Route Controlled (HRC) quantities only.
> Toxic Inhalation Hazard Material Zone A (any quantity)
> Toxic Inhalation Hazard Material Zone B (in bulk containers with a maximum capacity greater than 119 gallons (450 liters) for a liquid or water capacity greater than 1,000 lbs. (454 kg) as a receptacle for a gas.)
> Waste —Hazardous and non-hazardous.
IN ADDITION TO THE ABOVE, THE FOLLOWING COMMODITIES SHALL NOT BE ACCEPTED FOR ONET SHIPMENTS UNLESS THE SHIPPER/PAYER OBTAINS A QUOTE FROM THE YRC CUSTOMER SERVICE CENTER BY CALLING 1 (800) 610-6500, OPTION 4.
> Dangerous when wet, Class 4.3, as listed in Hazardous Materials publication CFR49
> Spontaneously combustible Class 4.2, as listed in Hazardous Materials publication CFR49
> Oxidizer Class 5.1, as listed in Hazardous Materials publication CFR49
> Poison Class 6.1, as listed in Hazardous Materials publication CFR49
> Poison gas Class 2.3, as listed in Hazardous Materials publication CFR49

FREEZABLE PROTECTIVE SERVICE

Provides specific loading and transit processes used to better protect shipments vulnerable to freezing during the winter months, primarily between November through March. The Freezable Protective Service includes:

- > Designed to protect shipments that freezes at 35 degrees Fahrenheit and 1.5 degree Celsius or below
- > Approved products include chemicals and allied products, canned, box and bottled food and beverages (including alcohol), cosmetics, pharmaceuticals and agricultural products such as rock stock, flower bulbs and seeds.
- > The program uses special handling procedures, freight labels and indicators in YRC's tracking system to handle freezable shipments.

- > Designation of the Freezable program can only be applied to outbound shipments.
- > Daily weather monitoring and action to reduce exposure to freezing conditions

Freezable Protection Service is extended to all point served direct in the continental US, Canada and Mexico subject to the availability of suitable equipment.

Shipper must state on the Bill of Lading and the packages that protective service ("Protect From Freezing") is required.

YRC provides the above Freezable Protective Service at no cost.

YRC TIME-CRITICAL™/YRC TIME-ADVANTAGE™ OUT-OF-NETWORK SHIPMENTS

- > **Oversize Shipment**—An oversize surcharge may apply for shipment that is oversize or requires cargo lift. Oversize shipment is defined as a single piece with any dimension (either length, width or height) exceeding 45 inches up to 118 inches or weighing over 250 lbs. A shipment that contains a piece with a length exceeding 118" in length, 84" in width, 70" in height or have any one piece that exceeds 2,200 lbs. requires YRC to be contacted for a quote and published pricing will not apply.
- > **Beyond Charges**—Beyond Charges - When indicated in a Pricing program, extended service charges found in Tariff 122, Item 800 might apply on certain zip codes as shown therein. The maximum weight applied when determining the beyond charge is 4,000 lbs. Interline shipments with origin or destination to or from Mexico are not available for YRC Time Critical service.
Not applicable on Dedicated Equipment shipments.
- > **Standard Pickup and Delivery Service**—Standard pickup and delivery service is

available between the hours of 9:00 a.m. and 5:00 p.m., Monday through Friday local time, based on the below guidelines. Weekday pickup or delivery before 9:00 a.m. or after 5:00 p.m. or weekend or holiday pickup and delivery is subject to an additional charge. Please call 1-800-610-6500 twenty-four (24) hours a day for a service quote.

- Requests for same day pickup from Zones A, B, and C as identified in the YRC Out-Of-Network Service Guide (Tariff 122, Item 800) must be booked by 3:00 p.m., be ready by 4:00 p.m., and allow up to two (2) hours for pickup.
- Requests for same day pickup from Zones D, E, and F must be booked by 2:00 p.m., be ready by 2:00 p.m. and allow up to two (2) hours for pickup.
- Requests for pickup from all other Zones must be booked by 2:00 p.m., be ready by 2:00 p.m., and allow an extra day for transit.

Shipments falling outside the above time frames will be subject to transactional quotes and may incur special pickup and delivery charges. Published pricing may not apply.

SHIPMENTS THAT FILL A PUP, SET OF PUPS, OR VAN TO CAPACITY (ITEM 390) MINIMUM CHARGE

- > **Capacity Load**—When any segment of the shipment equals or exceeds the capacity of a doubles trailer or vehicle, each trailer or vehicle loaded to capacity will be subject to the provisions herein, unless otherwise more specifically provided for in tariffs subject to this tariff.
A shipment is considered a capacity load if it creates the maximum legal weight on a trailer or if an additional unit of the largest item in the shipment will not fit on a trailer, even if an additional unit is not tendered as part of the shipment.
A shipment is also considered a capacity load if the shipment, because of its unusual shape or dimensions or because of necessity for segregation from other shipment, requires the entire capacity of a vehicle or doubles trailer. Shipment charges are subject to the otherwise applicable rate/charge but not less than the minimum charge based on the following formula. EXCLUDED from these rates and charges are Specific Point-to-Point Rates, Charges Per Vehicle, Charges Per Mile, YRC Time-Critical™ and YRC Volume Service.
- > **Formula for Calculation of Charges**—Shipment charges will be calculated based on the following formula.
 - (1) Determine the area number below.
 - (2) Locate the rate per mile in the Minimum Charge table that follows.
 - (3) Multiply the rate per mile by the number of miles as determined in HGB 105, or HGB 100 when the miles cannot be determined in HGB 105.

Capacity Load—If the resulting charge is higher than the regular charge, the MINIMUM CHARGE CAPACITY applies.

These minimum charges are not subject to discount or further reduction.

On request of the shipper, YRC will attempt to furnish the largest trailer available. The shipper will have the right to refuse the trailer offered, but once loading has begun, these provisions will apply.

- > **USA:**
 - Area 1 Arizona, California, Idaho, Nevada, Oregon, and Washington
 - Area 2 Colorado, Montana, Utah, and Wyoming
 - Area 3 Arkansas, Kansas, Missouri, New Mexico, Oklahoma, and Texas
 - Area 4 Iowa, Minnesota, Nebraska, North Dakota, South Dakota, and Wisconsin
 - Area 5 Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee
 - Area 6 Illinois, Indiana, Kentucky, Michigan, and Ohio
 - Area 7 Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont
 - Area 8 Delaware, District of Columbia, Maryland, Pennsylvania, Virginia, and West Virginia
- > **Canada:**
 - Area 9 British Columbia
 - Area 10 Alberta
 - Area 11 Manitoba and Saskatchewan
 - Area 12 Ontario
 - Area 13 New Brunswick, Newfoundland, Nova Scotia, Prince Edward Island, and Quebec

Reconsignment minimum charge for a set/van..... \$418.00

TABLE 1—SUMMARY OF RELEASED VALUE COMMODITIES

Important Notice: For released value commodities as stated below, the consignor is required to declare a value for the goods on the bill of lading within the limits stated in the table below. Unless provided otherwise in individual tariff or NMFC items, if the released value is not declared on the bill of lading, the lowest released value as stated below will apply. If pricing is based on an FAK (Freight All Kinds) or single lines of rates, the lowest released value will automatically apply regardless of any notation or higher value declaration on the bill of lading.

Shipments subject to a released value are not eligible for Extra Cargo Loss Protection.

PRODUCT SHIPPED	RELEASED VALUE RANGES	
	LOWEST VALUE	HIGHEST VALUE
Acids (when subject to NMFC item 60000).....	\$ 2.80 per lb.	No value stated
Agricultural Implements or Parts used, other than new having a value not exceeding the value for reconditioning or salvaging	\$ 1.00 per lb.	Exceeding \$2.50 per lb.
Animal Feed Supplements.....	\$.50 per lb.	No Value Stated
Animal Hides.....	\$ 1.50 per lb.	\$ 7.50 per lb.
Cellular Telephones.....	\$ 3.00 per lb.	\$10.00 per lb. (or No Value Stated)
Chemicals (when subject to NMFC item 60000).....	\$ 2.80 per lb.	No Value Stated
Chinaware/Stoneware.....	\$ 90.00 per 100 lbs.	No Value Stated
Clothing Used (Fur or fur lined)	\$ 1.50 per lb.	\$ 7.50 per lb.
Computer Systems/Components	\$ 5.00 per lb.	\$ 25.00 per lb.
Drugs (when subject to NMFC item 60000).....	\$ 2.80 per lb.	No Value Stated
Earthenware, Pottery and Porcelainware.....	\$ 90.00 per 100 lbs.	No Value Stated
Electronic Tubes (Not specifically named in the NMFC).....	\$ 1.50 per lb.	\$ 3.00 per lb. (or No Value Stated)
Engines (new internal combustion).....	\$ 5.00 per lb.	No Value Stated
Engines or parts (used), NMFC items 120790, 120820 or 120840, other than new having a value not exceeding the value for reconditioning or salvaging purposes, rebuilt, refurbished, remanufactured or reconditioned.		
Not applicable for obsolete or scrap engines (see NMFC 120790)	\$ 5.00 per lb.	No Value Stated
FAX Machines	\$ 5.00 per lb.	\$25.00 per lb.
Flatware (Sterling Silver).....	\$ 1.00 per lb.	\$ 5.00 per lb.
Glassware.....	\$.90 per lb.	\$19.00 per lb.
Glass - Ceramic Ware or Laminated.....	\$.90 per lb.	\$12.65 per lb.
Household Goods or Personal Effects	\$.10 per lb.	\$ 5.00 per lb.
Jewelry (Costume).....	\$ 1.00 per lb.	\$ 5.00 per lb.
Leather Scrap.....	\$.03 1/2 per lb.	No Value Stated
Leatherboard Scrap	\$.03 1/2 per lb.	Exceeding \$.03 1/2 per lb.
Lighters (Cigarette, etc.).....	\$.50 each	No Value Stated
Machinery or Parts Machinery or Parts used, other than new having a value not exceeding the value for reconditioning or salvaging	\$ 1.00 per lb.	Exceeding \$2.50 per lb.
Metals or Metal Alloys.....	\$.40 per lb.	\$ 5.00 per lb.
Office Records (Old)	\$.03 1/2 per lb.	No Value Stated
Oils (Essential, natural or artificial).....	\$.50 per lb.	\$ 7.50 per lb.
Ore	\$.05 per lb.	\$ 1.00 per lb. (or No Value Stated)
Painting or Pictures	\$.50 per lb.	\$ 5.00 per lb.
Printed Matter (Having exchange value, i.e., as sales coupons, etc.)	\$.50 per lb.	\$ 1.00 per lb.
Radio, Radio-Telephone, or Television Transmitting or Transmitting and Receiving Sets or other Radio Impulse or Wireless Audio Impulse Transmitting or Transmitting and Receiving Sets Separate or Combined.	\$ 3.00 per lb.	\$ 10.00 per lb.
Radioactive Materials	\$.40 per lb.	\$ 5.00 per lb.
Rugs	\$125.00 per 100 lbs.	Exceeding \$300.00 per 100 lbs.
Semi-Conductors	\$ 3.00 per lb.	\$ 20.00 per lb.
Semi-Conductors, Parts	\$ 1.50 per lb.	\$ 1.50 per lb.
Silk.....	\$ 1.00 per lb.	No Value Stated
Toilet Preparations (when subject to NMFC item 60000).....	\$ 2.80 per lb.	No Value Stated
Tubes, Cathode Ray (Other than TV)	\$ 3.00 per lb.	No Value Stated
Watches or Watch Movements.....	\$ 2.00 each	\$ 10.00 each

RELEASED AND ACTUAL VALUE

For a complete application of these rules, consult YRC 100 Rules Tariff on our website at www.YRC.com

- > **Actual Value**—When tariff or NMFC items require actual value declarations by the consignor at the time of shipment and Carrier receives the shipment without such declarations, the shipment will be rated at the highest value unless the tariff or NMFC item has its own rule. Corrected bills of lading will be accepted based on the actual value with proof of actual value.
- > **Released Value**—Corrected bills of lading will not be accepted involving released values.
- > **Shipment With Mixed Released Values**—When a shipment consists of commodities subject to released value and some packages are released to different values and/or some are not released at all, the packages and the bill of lading must be clearly marked at the time of shipment to identify the value of “Each Package.”

In lieu of showing the specified information on the bill of lading, the Carrier may be furnished with a manifest at the time of shipment which clearly identifies the packages which are released and the released value of each.

Failure to comply with the above criteria will make all of the packages subject to the lowest released value.

- > **Claim Application**—Claim must be within nine (9) months of the date of delivery, or in the case of non delivery, within nine (9) months after a reasonable time for delivery had elapsed. The period for bringing a civil action against carrier will be two (2) years from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. Claims not filed within the nine (9) months statute of limitations will be declined.

In case of loss or damage to a portion of the contents of a shipping package, the amount recoverable will be the released value per pound or item multiplied by the “Gross Weight Of Each Item,” not the weight of the package or the entire shipment, but not more than the actual loss or damage.

- > **Maximum Liability**—In the event of loss, damage, or delay to any commodities, released value or otherwise, Carrier’s liability for shipments handled within the YRC network will not exceed twenty-five dollars (\$25.00) per pound per package, subject to a maximum liability of one hundred thousand dollars (\$100,000.00) per shipment, whichever is lower, unless the consignor has requested excess liability coverage at the time of shipment. In no case will Carrier’s liability exceed the actual value of the property.
- > **YRC Network**—Shipments carried entirely by motor carriage and YRC is one of the motor carriers handling the shipment.
